PLATIN
★★★ SENS

TPMS sensors – Made in Germany

NEW

PLATIN Sens TPMS sensors are so called hybrid sensors that already incorporate many OE protocols.

They can be used like an OE sensor and cover approx. 90% of the market requirements. A universal sensor is also available, which can be programmed individually.

All PLATIN Sens sensors can be reprogrammed at any time with the standard diagnostic devices.*

*Ateq, Bartec.

The sensors are available in silver, grey and black – to match the colour of your wheels. There is also a version with a rubber valve.

PLATIN Sens – Made in Germany – is the perfect accessory for your PLATIN Wheels and PLATIN Tyres:

Summer 2022

platin-wheels.com

Cars summer

PLATIN RP 320 SUMMER

Summer tyre for passenger cars

Asymmetrical profile with the latest tyre mix for optimised fuel consumption and braking behaviour in the wet

- Better grip and improved handling on dry roads due to the asymmetrically arranged profile blocks
- Increased resistance to aquaplaning and improved grip in the wet thanks to the broad middle grooves and a narrow groove next to the outer shoulder
- Optimal braking performance and improve handling through the use of sipes with multiple angles in the profile shoulders
- Available in 19 sizes, 13–15 inch

PLATIN RP 420 SUMMER

Summer tyre for passenger cars and SUV

Unidirectional profile with the latest tyre mix for high aquaplaning safety and sporty performance

- High reserves of safety in the wet thanks to the circumferential drainage grooves and hydrodynamically-shaped transverse grooves in the shoulder area
- Superlative braking and better performance on wet roads through curved sipes in the inner and outer shoulders
- Reduced rolling resistance and better braking behaviour in the wet with a high proportion of silica and new polymers
- Available in 54 sizes, 15–19 inch

Cars all-weather

PLATIN RP 100 ALLSEASON

All-weather tyre for passenger cars

Year round use with the PLATIN all-weather tyre

- Broad tread area for optimised handling and more traction
- Reduced risk of aquaplaning thanks to broad transverse grooves in the shoulder area and the quick removal of water due to the higher negative proportion
- Modern silica tread mix for reduced rolling resistance and excellent wet-grip
- High level of economy and savings of fuel in the interests of the environment
- Can be used without restriction all year round, with M+S and snowflake symbol (in accordance with section 2 para. 3a of the German StVO traffic regulations)
- Available in 53 sizes, 13–18 inch

VAN summer

PLATIN RP 520 VAN SUMMER

Summer tyre for minivan, van and light trucks

NEW

Latest tyre technology for maximum safety, good dry and wet performance and a longer tyre life

- Good dry and wet performance
- Balanced driving efficiency
- High driving comfort due to low noise level
- Optimized contact area between the tyre tread and the road results in good braking performance on dry roads
- High driving stability and longer tyre life
- Latest tyre technology for maximum security
- Available in 15 sizes, 14–16 inch

VAN all-weather

PLATIN RP 700 VAN ALLSEASON

All-weather tyre for vans, transporters and light trucks

High performance on wet roads

- Good resistance to aquaplaning and short braking paths on wet roads
- Improved grip on snow
- Strong braking performance on snow-covered roads
- Good directional stability and safe cornering on dry, wet and snow-covered roads
- Available in 13 sizes, 15–16 inch

THE SUCCESSFUL BRAND

for tyres and wheels

Since 1987 PLATIN has stood for fascinating wheel designs and innovative tyre technology with an outstanding price-performance ratio.

The wide range of unique PLATIN wheels with alloy wheels from 14 to 20 inches in more than 30 different designs leave just about nothing more to be desired.

All PLATIN wheels are TÜV-tested and have TÜV certification and a corresponding ABE.

PLATIN quality tyres round out the range with summer, all-weather and winter tyres for cars, vans and light trucks in more than 210 current sizes. In line with market requirements, the product portfolio was expanded in 2017 to include all-weather tyres for passenger cars and for vans and light trucks in 2018.

PLATIN tyres are developed on the basis of the very latest tread mix and profile technology and manufactured in modern production plants by leading tyre makers.
