PLATIN
THE BRAND OF SUCCESS

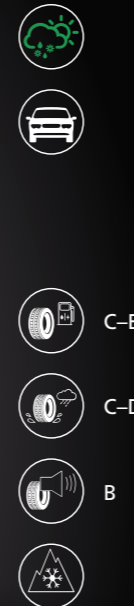

PLATIN Wheels

Discover the complete PLATIN Wheels alloy wheels program and experience your dream wheel on the car in our showroom at platin-wheels.com

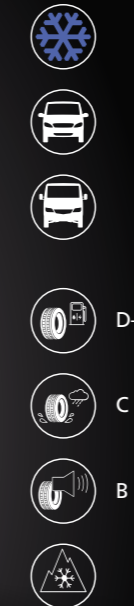

Better handling, safe braking and optimum grip on snow-covered roads

- Profile with fixed rolling direction
- Better handling, safe braking and optimum grip on snow-covered roads
- Low risk of aquaplaning
- Superlative handling on dry roads
- Safe braking on icy surfaces
- Available in 47 sizes, 13–18 inch

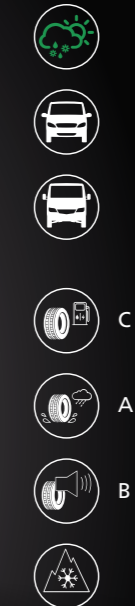

Year round use with the new PLATIN all-weather tyre

- Broad tread area for optimised handling and more traction
- Reduced risk of aquaplaning thanks to broad transverse grooves in the shoulder area and the quick removal of water due to the higher negative proportion
- Modern silica tread mix for reduced rolling resistance and excellent wet-grip
- High level of economy and savings of fuel in the interests of the environment
- Can be used without restriction all year round, with M+S and snowflake symbol (in accordance with section 2 para. 3a of the German StVO traffic regulations)
- Available in 53 sizes, 13–18 inch

High economy due to optimized running performance and low rolling resistance

- Excellent traction and good braking performance on snow and ice
- Short braking path in the wet and a low aquaplaning risk
- Increased level of riding comfort due to a low level of road noise
- High economy due to optimized running performance and low rolling resistance
- Available in 10 sizes, 15–16 inch

High performance on wet roads

- Good resistance to aquaplaning and short braking paths on wet roads
- Improved grip on snow
- Strong braking performance on snow-covered roads
- Good directional stability and safe cornering on dry, wet and snow-covered roads
- Available in 13 sizes, 15–16 inch

PLATIN Tyres

Since 1987 PLATIN has stood for innovative tyre technology with an outstanding price-performance ratio You will find the whole program with summer-, winter and allseason tyres for passenger cars and VAN at platin-wheels.com
